Manco Labs LLC

Websites, web apps, and accessibility

CAPABILITY STATEMENT

Manco Labs designs, builds, and maintains websites and web applications, with accessibility built in from the start.

CORE COMPETENCIES

- Website design and development
- Web application development
- Website accessibility audits and remediation (WCAG 2.1/2.2 AA)
- CMS upgrades and migrations (WordPress, Drupal)
- Website maintenance and support
- Speed and performance optimization
- API integrations and automation

DIFFERENTIATORS

- Local and responsive
- Accessibility built in, not bolted on
- Plain-English reporting
- Clients own everything: code, content, and accounts

PAST PERFORMANCE

minicine? minicine.org

Shreveport microcinema and community stage

Upgraded the site from Drupal 8 to Drupal 11, checked all 543 pages, and switched over with no downtime. Built a calendar event search, then expanded it into a sitewide search with matching terms highlighted in the results.

CHEN chennwla.org

Community Healthcare Education Network, a Northwest Louisiana nonprofit

Rebuilt the site from scratch to move it off Weebly, with online donations, event tickets, and membership sign-ups. 100 accessibility score in Google PageSpeed Insights (October 2026).

WERLA werla.net

Wildlife Education and Rehabilitation of Louisiana (volunteer work)

Fixed site email that had never been sending and cut image sizes 86 to 93 percent, then built a new custom WordPress theme. Mobile PageSpeed performance rose from 45 to 97.

Analemma analemma.us

A collection of experimental photographic work by Elizabeth House Evans

Designed and built the site, and keep it secure and up to date.
